

### *A Note from the Director*

This program will fuel your passion toward serving Christ and giving his love to others. In starting the ministry school, we constantly heard ourselves saying:

---

*“We want to help create everlasting constellations, not quick-to-fade shooting stars.”*

---

This two-year school is designed to take second or third year graduates of ministry schools to the next level in their faith and their next steps in their ministry training. You will increase in your knowledge and love of Scripture, grow in confidence in speaking God's truth, and mature as a kingdom leader.

Most importantly, we will help the unique individual qualities that God has purposefully created in you to shine – an everlasting shine that will not fade.

Our leaders would be honored to mentor, coach, and equip you by pouring decades of ministry experience into you. We are praying for you as you consider being part of GSKL.

*Timothy Bervy*
